In one way or another one constantly finds need of knowing the world and its people. Under this title of *The World and its People* the publishers are offering a series of readers intended particularly to supplement the geography, and, in general, to contribute to the broadest education of young people. Our near neighbors, our antipodes, and the peoples that live between these extremes are studied in turn, so that the series as a whole gives a comprehensive view of the world in its geographical aspect.
